Onzichtbare man is het verhaal van een jonge, hoogopgeleide zwarte man, die geen kans krijgt om te slagen in een gesegregeerde maatschappij die weigert hem als een menselijk wezen te zien. Het verhaal volgt de fysieke en psychologische reis van de naamloze hoofdpersoon tegen de achtergrond van New York in de eerste helft van de twintigste eeuw. Ellison weet als geen ander het brute naast het burleske en het komische naast het tragische te plaatsen in een roman die nu, 65 jaar na eerste verschijning, relevanter en urgenter is dan ooit. Blended learning, which combines the strength of face-to-face and technology-enhanced learning, is increasingly being seen as one of the most important vehicles for education reform today. Do today's youth have more opportunities than their parents? As they build their own social and digital networks, does that offer new routes to learning and friendship? How do they navigate the meaning of education in a digitally connected but fiercely competitive, highly individualized world? Based upon fieldwork at an ordinary London school, The Class examines young people's experiences of growing up and learning in a digital world. In this original and engaging study, Livingstone and Sefton-Green explore youth values, teenagers' perspectives on their futures, and their tactics for facing the opportunities and challenges that lie ahead. The authors follow the students as they move across their different social worlds—in school, at home, and with their friends, engaging in a range of activities from video games to drama clubs and music lessons. By portraying the texture of the students' everyday lives, The Class seeks to understand how the structures of social class and cultural capital shape the development of personal interests, relationships and autonomy. Providing insights into how young people's social, digital, and learning networks enable or disempower them, Livingstone and Sefton-Green reveal that the experience of disconnections and blocked pathways is often more common than that of connections and new opportunities.
