What kind of cancer is it? was the first question Barbara Brenner asked her doctor after hearing that the lump in her breast was malignant. His answer: You don't need to know that. Wrong response. Brenner, who was already an activist, made knowing her business and spreading knowledge her mission. The power behind Breast Cancer Action(r) and its transformative Think Before You Pink campaign, Barbara Brenner brought an abundance of wit, courage, and clarity to the cause and forever changed the conversation. What had been construed as an individual crisis could now be seen for what it was: a pressing concern of public health and social justice, with environmental issues at the center of prevention efforts. Collected in "So Much to Be Done," and framed by personal accounts of Barbara and her influential work, Brenner's columns and blog posts form a chronicle of breast cancer research and health care activism that is as inspiring as it is informative. As she takes on the corporate forces at work in breast cancer research and treatment and in the pinkwashing of fund-raising for the cause, Brenner, a self-described hell-raiser, contends with cancer herself, twice, and her words offer understanding and encouragement to all those whose lives are touched by the disease. When Brenner was diagnosed with ALS in 2011, she broadened her critique of health care while also writing about her own experience. Infused with her characteristic moxie, humor, anger, and compassion, these reflections from her last two years provide

There's no sentimentality here; just common sense, good humor, political and social awareness, and an unflinching look at the life of an American family struggling to surmount all obstacles. *Barbara and Fred* encourages full understanding and acceptance of people with disabilities. Lotte Moise offers her writing in the hope that other families who have children with special needs may read it, take heart, and take action. As she says, "Attitudes are the only real disability."

Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a "filler" in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.

Welcome to Bellhaven, Alabama. In a time when America is unsure of her moral bearings, the Church of Jesus the Savior is thriving. At least, most folks think so. But no one knows that the pastor is confronting changes in his soul that will give him no peace or that his wife has left him in every way that matters. No one knows that their daughter embraces cold hatred or that she is working with others to set a terrible plot in motion. Their secret meetings set the stage for the horrific consequences of bigotry in a town where the citizens think everything is normal and intend for it to stay that way. A young man must enter adulthood bearing the scars of one deadly night when love cost everything.

From its inception in 1885, the Alaska School Service was charged with the assimilation of Alaskan Native children into mainstream American values and ways of life. Working in the missions and schools along the Yukon River were George E. Boulter and Alice

Green, his future wife. Boulter, a Londoner originally drawn to the Klondike, had begun teaching in 1905 and by 1910 had been promoted to superintendent of schools for the Upper Yukon District. In 1907, Green left a comfortable family life in New Orleans to answer the “call to serve” in the Episcopal mission boarding schools for Native children at Anvik and Nenana, where she occupied the position of government teacher. As school superintendent, Boulter wrote frequently to his superiors in Seattle and Washington, DC, to discuss numerous administrative matters and to report on problems and conditions overall. From 1906 to 1918, Green kept a personal journal—hitherto in private possession—in which she reflected on her professional duties and her domestic life in Alaska. Collected in *The Teacher and the Superintendent* are Boulter’s letters and Green’s diary. Together, their vivid, first-hand impressions bespeak the earnest but paternalistic beliefs of those who lived and worked in immensely isolated regions, seeking to bring Christianity and “civilized” values to the Native children in their care. Beyond shedding private light on the missionary spirit, however, Boulter and Green have also left us an invaluable account of the daily conflicts that occurred between church and government and of the many injustices suffered by the Native population in the face of the misguided efforts of both institutions.

Of the many books written about Will Rogers, none can have the immediacy, firsthand knowledge, and personal perspective of this account by his wife, Betty Blake Rogers. Her story is of Will Rogers, from wayward youth to international celebrity. Will was born in 1879 in the Cherokee nation of Indian Territory, near what is now Oologah, and died in 1935 with Wiley Post in an airplane crash in Alaska. The period witnessed the passing of the frontier and the arrival of the air age, and Will Rogers became a unique part and interpreter of it all. "The book offers a 'unique insight' into the Oklahoma cowboy who became a worldwide celebrity. Betty Rogers understood Will as no one else could, and her book amplifies the importance of a homegrown philosopher who captured the spirit of the American experience. Will left his mark in many ways, each of which is carefully developed in the book's twenty-two chapters. Most notable, however, is Mrs. Rogers's treatment of her husband's character. Behind the facade lay a complex man who, despite his lack of formal education, had a grasp of modern psychology and world politics. Equally at home with cowboys and presidents, Will accepted both as human beings engaged in the larger arena of life, whether in the wide open spaces of Oklahoma or the confines of Washington....For those who would know Will Rogers in a familiar way, there is no better book than this reprint." Arizona and the West. "The best of all the books on the best of all the homespun philosophers as seen through the eyes of his wife." Midwest Book Review. For Broadway audiences of the 1980s, the decade was perhaps most notable for the so-called "British invasion." While concept musicals such as *Nine* and Stephen Sondheim's *Sunday in the Park with George* continued to be produced, several London hits came to New York. In addition to shows like *Chess*, *Me and My Girl*, and *Les Miserables*, the decade's most successful composer Andrew Lloyd Webber was also well represented by *Cats*, *The Phantom of the Opera*, *Song & Dance*, and *Starlight Express*. There were also many revivals (such as *Show Boat* and *Gypsy*), surprise hits (*The Pirates of Penzance*), huge hits (*42nd Street*), and notorious flops (*Into the Light*, *Carrie*, and *Annie 2: Miss Hannigan's Revenge*). In *The Complete Book of 1980s*

One mother's remarkable account of raising an Asperger's syndrome child Ben seemed to be an extraordinary child. Born with a superanalytical mind, he was able to store hordes of information like a minicomputer. Yet, lurking beneath this boy genius's amazing, albeit useless, gifts for facts were an extraordinary fear of change and social aloofness. Unknown to his mother, Barbara, until much later, Ben suffered from Asperger's syndrome--the "little grown-up" disorder--a neurobiological disease similar to autism. Frank, honest, and beautifully written, *Finding Ben* is a remarkably moving account of Barbara LaSalle's struggles to understand--and overcome--the guilt she feels for not fully loving her son. Burdened with the belief that the world would look at her son and somehow see her own failure, *Finding Ben* is a powerfully honest narrative
