Learn the Secret to Success! After nearly 20 years of teaching Lewis Morris discovered a startling fact: Most students didn't struggle with the subject, they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the "Insider's Words". When he applied these "Insider's Words" the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this "Insider's Language" to students around the world. Developed for students at the 10-12 reading level, MINDSCAPES: CRITICAL READING SKILLS AND STRATEGIES, 2E helps students become stronger readers based on how the brain best processes and learns information. Christine Evans Carter has developed a powerful approach to building reading skills that is based on the latest research in brain-based learning; when students recognize the structure and organization of information, they maximize their learning power. This focus on text structure provides a scaffold onto which developmental-level readers can apply new knowledge. Information is presented in a carefully crafted sequence that serves to build upon prior knowledge and expand understanding of skills and strategies in a recursive manner. In addition, each chapter includes study skills and discipline-specific vocabulary and reading strategies to help students succeed in all of their courses.
