singing story for parents, preschool teachers, and music teachers.

A sweet book of love filled with die-cuts of beautiful bugs, bees, and butterflies! Say "I love you!" with this sweet book of love! This delightful offering takes readers on a journey through a field filled with beautiful bugs, buzzy bees, and fluttering butterflies. Follows the chain reaction of losing one animal species, bees, to the grassland ecosystem.

De vader van Darkus is spoorloos verdwenen. Hij is voor het laatst gezien in een afgesloten zaal van het natuurhistorisch museum waar hij werkt. De politie staat voor een raadsel en weet niet waar ze hem moeten zoeken. Darkus gaat zelf op onderzoek uit en ontdekt dat zijn vader een gevaarlijke tegenstander had. Een vijand waar Darkus in z'n eentje nooit tegen op kan. Maar onverwacht krijgt hij hulp, eerst van een enorme kever, en dan van honderden andere insecten die vliegend, kruipend, prikkend en bijtend op spectaculaire manier de strijd aangaan. Keverjongen is het eerste deel van een spannende serie vol humor, echte vriendschap en superslimme insecten. Voor de fans van Roald Dahl en heel veel andere lezers.

Billy, unimpressed with everything his father does with him, always responds "whatever," until the world's "hungriest" tiger comes along and gets his attention.

honeybees are determined to protect the honey from a bear with a wife and family to support. First, there is Joey Bee, who has the biggest eyes of all four. His job is to guard the honey. Second, Emily Bee, who is the smartest, reads a different book every day. Third is Josyln Bee, who likes to gossip and create chaos, and fourth, Pretty Bee who is the prettiest but also lazy. Can Joey Bee, Emily Bee, Josyln Bee and Pretty Bee make peace with this beast and his family? Let's all find out in *Mind Your Own Beeswax*. When a young monk is assigned the task of tending to the monastery's bees, a unique friendship blooms. Based on the life of Saint Modomnoc, this children's book brings the past alive in its retelling of the history of The Church of the Beekeeper in Ireland.

A bee flies in the window of the high-rise flat where she lives and a little girl is frightened. She traps the bee and then wonders what to do. This beautiful wordless picture book traces the growing friendship between girl and bee and introduces small children to the ecology of the natural world. Highlighting the plight of the disappearing bumble bee, it shows how some simple actions can help restore beauty and balance in our environment. With a list of bee-friendly seeds to plant and ways to protect bees at home.

When the weather turns warm during spring and summer, that's when the fuzzy bees come out of hiding. Learn about the amazing life of a honey bee

and discover just how important these tiny creatures are to the many varieties of food people count on. Robert F. Sibert Medal Winner Take to the sky with Apis, one honeybee, as she embarks on her journey through life! An Orbis Pictus Honor Book Selected for the Texas Bluebonnet Master List Finalist for the AAAS/Subaru SB&F Prize for Excellence in Science Books A tiny honeybee emerges through the wax cap of her cell. Driven to protect and take care of her hive, she cleans the nursery and feeds the larvae and the queen. But is she strong enough to fly? Not yet! Apis builds wax comb to store honey, and transfers pollen from other bees into the storage. She defends the hive from invaders. And finally, she begins her new life as an adventurer. The confining walls of the hive fall away as Apis takes to the air, finally free, in a brilliant double-gatefold illustration where the clear blue sky is full of promise-- and the wings of dozens of honeybees, heading out in search of nectar to bring back to the hive. Eric Rohmann's exquisitely detailed illustrations bring the great outdoors into your hands in this poetically written tribute to the hardworking honeybee. Award-winning author Candace Fleming describes the life cycle of the honeybee in accessible, beautiful language. Similar in form and concept to the Sibert and Orbis Pictus award book Giant Squid, Honeybee also features a stunning gatefold and an essay on the plight of honeybees. Cook Prize Honor Book A

Bees Options for treating bee stings The Life Cycle of a Bee Why Are Bees So Important to Humans? Types of Bees Carpenter bees Africanized honey bees Bumble Bees Yellow Jackets Wasps The Bee Hive The Honey Bee Colony The Royal Queen Bee Keeping Tips for Preventing Attacks Harvesting Honey Honey What is Pollen and Pollination? Flowers That Attract Bees Conclusion Publisher What Are Bees? Bees are related to ants and wasps. Bees are made up of three body parts, the head, thorax, and abdomen. The thorax is the smaller middle section of the body containing three pair of legs and four wings. Bees' wings flap 11,400 times per minute, that is why we hear a buzzing sound. The abdomen is the lower and largest part of the body that has a nectar pouch and stomach, at the end is the stinger.

Flora 717 is geboren in de laagste klasse van haar hiërarchische gemeenschap. Ze is een schoonmaakster, die alleen mag opruimen en de dode bijen uit haar bijenkast moet verwijderen. Werk en opoffering zijn de grootste deugden in de gemeenschap, en het aanbidden van de geliefde Koningin is de enige religie. Maar wanneer Flora de belangrijkste wet schendt en de vruchtbaarheid van de Koningin aan de kaak durft te stellen, brengt ze chaos in het rigide en ordelijke leven van de bijenkast. Haar instinct om te dienen en te offeren wordt overschaduwd door een diepere behoefte. Dit verlangen brengt haar in conflict met haar hart en geweten, en zal haar wereld voor altijd veranderen. Laline Paull is geboren in Engeland en van Indiase komaf. Ze studeerde Engels in Oxford en schrijft toneelstukken, filmscripts en televisieseries. De bijen is haar eerste roman. Ze woont aan zee met haar man, fotograaf Adrian Peacock, en haar drie kinderen.

sought to communicate meaningful ideas in the simplest way. With a seemingly effortless touch, in this book and its companion *The Acorn*, he introduces educational themes and concepts (food chains, fear, ecosystems) in a visual, fun, and satisfying romp for the very young.

Your Bee-attitude starts with Bee-lieving. According to the laws of aerodynamics, bees should not be able to fly. Their wings are too small and their bodies are too fat to get off the ground. But they fly. If you are willing to bee-lieve that you can achieve and if you are willing to work hard, then you too can "fly." This is the Bee-attitude. Bea Grace Curri uses a clever list of alphabetical encouragement for young readers to develop a "you can do it" attitude. She tells remarkable stories of people who by all appearances "couldn't," and yet who "did" anyway...with great success. If you want your children to turn those stumbling blocks into stepping stones, *Bee Attitude* is for you and for them. It's bee-autiful. Bea Grace Curri has a wealth of experience working with children as a religious educator and youth minister for the Dioceses of Syracuse, New York, and Orlando, Florida. She has been married to her husband, John for thirty-eight years and has two sons and six grandchildren. Bea approaches life with enthusiasm.

"A honeybee searches for nectar, then returns to the hive to tell the other bees. She does a waggle dance, moving in a special figure-eight pattern to share the location of the foodsource with her hivemates. With vivid and active images, Rick Chrustowski brings these amazing bees to life!"--  
To teach his daughter the value of books, a father leads a growing crowd in search of the tree where the bees keep all their honey.

Watch our happy, helpful friend the Honey Bee, always so busy and buzzy and find out why bees and flowers are such good friends. Illustrations using vivid colours include many

of flowers in the spring and summer months. And yet, ask most adults how honey bees produce honey and the answers will be as varied as the flowers. The fact is, each honey bee lives in a very structured and organized home, called a colony. There is nothing random about a beehive. Every bee has a specific assignment to further the work of the hive to produce the honey we all love. This story, with its award winning illustrations by internationally recognized Italian illustrator Yuribelle, takes the reader on a fascinating journey into the hive and explores the highly organized life of a honey bee. Readers from 1 to 100 will be amazed at the fun, and yet factual, illustrations. Additionally, each page provides simple yet entertaining and engaging insight into the life of the honey bee. Adult readers will find additional factual information on each page to provide further insight. Without a doubt, this will be one of the most fascinating, informative and enjoyable books you will ever own. You will not be disappointed!

Meet Belle, a Parisian girl who goes on holiday to the countryside and is eager to explore on her new bicycle. Soon, though, disaster strikes: Belle falls off her bike and is lost and alone. Now it's time to meet a talking bee! Yes, a bee who speaks! The talking bee rescues Belle and they set off together... Follow the wonderful adventure of Belle and the bee as they meet every kind of plant and animal proud to call the countryside their home. Just like Belle, you'll be amazed to discover how nature works: you'll never look at the natural world around you in the same way again.

Set in a future Australia in a time when there are no bees
