book for VNSGU Students, Surat, Gujarat, India.

The EU has experienced serious economic and political crises such as the sovereign debt crisis and Brexit in the past few years. However, despite these issues, the EU has implemented considerable institutional, fiscal, and collective improvements during the unification process to continue as a significant actor in the global economy.

The Handbook of Research on Social and Economic Development in the European Union provides a multidisciplinary evaluation of the institutional, economic, and social development of the European Union and makes inferences for the future dynamics and collaborations of the EU, the global economy, and other countries. Featuring coverage on a broad range of topics such as energy security, gender discrimination, and global economics, this book is ideally designed for government officials, policymakers, world leaders, politicians, diplomats, international relations officers, economists, business professionals, historians, market analysts, academicians, researchers, and students concerned about the multifaceted integration processes surrounding the EU.

respected directory of four-year institutions of higher education in the United States. A two-volume set that Choice magazine hailed as a most important resource in its November 2006 issue, this revised edition features the most up-to-date statistical data available to guide students in making a smart yet practical decision in choosing the university or college of their dreams. In addition, the set serves as an indispensable reference source for parents, college advisors, educators, and public, academic, and high school librarians. These two volumes provide extensive information on 1,900 institutions of higher education, including all accredited colleges and universities that offer at least the baccalaureate degree. This essential resource offers pertinent, statistical data on such topics as tuition, room and board; admission requirements; financial aid; enrollments; student life; library holdings; accelerated and study abroad programs; departments and teaching staff; buildings and grounds; and degrees conferred. Volume two of the set provides four indexes, including an institutional Index, a subject accreditation index, a levels of degrees offered index, and a tabular index of summary data by state. These helpful indexes allow readers to find information easily and to make comparisons among institutions effectively. Also contained within the text are charts and tables that provide easy access to comparative data on relevant topics.

This 6-volume set is completely revised and updated, and remains the definitive guide to thousands of 2- and 4-year schools in the U.S. and Canada, their programs,
