Teachers and flutists at all levels have praised Nancy Toff's *The Flute Book*, a unique one-stop guide to the flute and its music. Organized into four main parts--The Instrument, Performance, The Music, and Repertoire Catalog--the book begins with a description of the instrument and its making, offers information on choosing and caring for a flute, sketches a history of the flute, and discusses differences between members of the flute family. In the Performance section, readers learn about breathing, tone, vibrato, articulation, technique, style, performing, and recording. In the extensive analysis of flute literature that follows, Toff places individual pieces in historical context. The book ends with a comprehensive catalog of solo and chamber repertoire, and includes appendices with fingering charts as well as lists of current flute manufacturers, repair shops, sources for flute music and books, and flute clubs and related organizations worldwide. In this Third Edition, Toff has updated the book to reflect technology's advancements--like new digital recording technology and recordings' more prevalent online availability--over the last decade. She has also accounted for new scholarship on baroque literature; recent developments such as the contrabass flute,

quarter-tone flute, and various manufacturing refinements and experiments; consumers' purchase prices for flutes; and a thoroughly updated repertoire catalog and appendices. "Each of the musical works has a duet part so the teacher can accompany the student with steady rhythm, good pitch, and interpretive guidance. Fingering and trill charts are provided for flutes of up to 13 keys. The progressive and thoughtful organization of this method makes it useful to teachers of any model of transverse flute—useful even with beginning students." —The Flute Network Jean-Louis Tulou's 1855 method for playing the pre-Boehm wooden flute and an excellent source of early nineteenth-century French performance practices.

Estelle R. Jorgensen's latest work is an exploratory look into the ways we practice and represent music education through the metaphors and models that appear in everyday life. These metaphors and models serve as entry points into a deeper understanding of music education that moves beyond literal ways of thinking and doing and allows for a more creative embodiment of musical thought. Seeing the reader as a partner in the creation of meaning, Jorgensen intends for this book to be experienced by, rather than dictated to, the reader. Jorgensen's hope is that the intersections of art and philosophy, and metaphor and model can provide a richer and more imaginative view of music education.

on Twitter @wmpublications Testimonials Hi there - I'm just emailing you to tell you how much I love your Oboe duet books, especially the vast range of Christmas music! I have all of them! I'm an oboe and double bass teacher (I know!) based in Dublin, and I am very much a Christmas enthusiast. I'm known among my students for wearing Christmas socks 365 days a year (they've checked!!) I've taken on some double bass students this year, and I'll be buying your double bass Xmas duets to play with them. Given the brilliance of the oboe books, I'm really looking forward to it. Many thanks and keep up the good work! Eimear Hello - I love the arrangements We just played some today! Have a lovely Christmas and thanks for providing beginner bassoonists with some great music!! Pauline Very pleased to have found your Christmas songs for flute. Delighted with the Duets for Flute - 21 Christmas songs and the 50+ Classics for Flute. I just wanted to tell you how great I think your books are! xxx Janine The children are loving the books! Particularly my little violinist who needs a fair amount of encouragement to get practising but he's so excited about Christmas that I can't stop him sight reading his way through the carols... !! Clare Your music books are great for beginners and improvers and the duet books are very well constructed. Ellen May I say how pleased I was to find that you now produce a piano accompaniment to go with the flute/clarinet parts. I already have your flute/clarinet music which is proving to be most useful and now that I have the piano part it will make our playing even better. Many thanks. Sylvia I am loving your books.
