George Muller - Does Money grow on trees? What would you do if you needed some money? Would you pick some of a tree in the garden? Of course you wouldn't - because money doesn't grow on trees. You have to work for it. Sometimes you have to work hard. George Muller didn't like to work and tried to get his money in other ways. He would cheat and steal and was eventually thrown in prison. Find out how God changed George from a thief to someone even children could trust. "

These two companion volumes provide a comprehensive review and critical evaluation of the major DSM-III and DSM-III-R child disorders. Their major goal is to provide diagnostic and assessment guidelines that are based on scientific literature in specific clinical domains. Each chapter contains a discussion of the historical background of a particular diagnosis, definitional issues, a critical but selective review of the literature addressing the diagnosis in question, proposed changes in the diagnostic criteria based on the available literature, and proposed assessment models and methods based on the designated criteria. Given the scientific bases for many of these discussions of diagnostic criteria, these two volumes will serve professionals and graduate students in a wide variety of fields: clinical child psychology, child psychiatry, pediatrics, pediatric and school psychology, special education, social work, and other child mental health specialties.

John Ullman (1791-1864) married Marguerite Herzog (1787-1827) in 1815. They had five children at Miesheim, Bas Rin [Alsace], France before they migrated to New York in 1827. They went to Buffalo, Cleveland and then to Massillon, Ohio. After she died, he married Catherine Derrenberger (1805-1876). Their ten children were born in Ohio.

inch....this work is likely to become a standard work very quickly and is to be recommended to all schools where recorder studies are undertaken inch. (Oliver James, Contact Magazine) A novel and comprehensive approach to transferring from the C to F instrument. 430 music examples include folk and national songs (some in two parts), country dance tunes and excerpts from the standard treble repertoire of Bach, Barsanti, Corelli, Handel, Telemann, etc. An outstanding feature of the book has proved to be Brian Bonsor's brilliantly simple but highly effective practice circles and recognition squares designed to give, in only a few minutes, concentrated practice on the more usual leaps to and from each new note and instant recognition of random notes. Quickly emulating the outstanding success of the descant tutors, these books are very popular even with those who normally use tutors other than the Enjoy the Recorder series.

The classic biography of George Muller tells the story of one of England's greatest evangelists, famed and admired for his establishment of orphanages in his hometown of Bristol. George Muller was successful in caring for well over 10,000 orphans, yet it was only after long and difficult campaigns and effort that such hard-won victories against social and economic injustice were won. Beginning his efforts in the 1820s, and continuing as the United Kingdom's population ballooned in the midst of industrialization, Muller encountered many obstacles on his path. A passionate believer in both God and social justice, Muller found opposition to his ideas among the wealthy. Firm in the belief that the poor should receive a good standard of education, he was ridiculed and dismissed as a foolish idealist. Yet Muller proved the naysayers wrong: decades of effort resulted in the Ashley Downs orphanage which housed thousands of impoverished children, while he assisted in the establishment of 117 schools - in all, these ensured education for 120,000 children during Muller's lifetime. In his later years, Muller embarked on a seventeen year mission around the world, where he evangelized on topics concerning both God and his accomplishments in assisting the poor. Speaking far and wide to congregations in India, South Africa, Canada, the United States and continental Europe, he became a prominent figure seen to exemplify Christian kindness and good deeds. As well as his work in society, Muller was a profoundly religious person who would spend much of his life in prayer. He prayed spontaneously and would request God's assistance in all manner of things; the repair of a orphan house's boiler, the health of a sick child, and good weather and fortune during his long voyages on ship being just a few of his pleas to the Lord. Joining God at the age of ninety-two in 1898, George Muller's work changed countless lives, and he continues to inspire Christians to this day.
