

I 100 Pi Grandi Vini Ditalia Scelti Dell'associazione Italiana Sommeliers Piemonte Ediz Illustrata

Zero Zero Zero brengt alle aspecten van de internationale cocaïnehandel in kaart: van het ontstaan van de drugshandelnetwerken tot en met de manier waarop de handel onontbeerlijk is geworden voor de wereldeconomie. Roberto Saviano volgt de cocaïne van Zuid-Amerika tot de stranden van Miami, de straten van New York, tot in Afrika, Europa, China en India. Hij volgt gebruikers, slachtoffers, dealers en daders. Zero Zero Zero leest als een thriller maar berust volstrekt op waarheid. Het toont hoe de wereldwijde verkoop en consumptie van cocaïne de afgelopen decennia zowel de zwarte markt als de legale economie hebben veranderd en van diepgaande invloed zijn op samenlevingen en mensen overal ter wereld.

Meyler's Side Effects of Drugs: The International Encyclopedia of Adverse Drug Reactions and Interactions, Sixteenth Edition builds on the success of the 15 previous editions, providing an extensively reorganized and expanded resource that now comprises more than 1,500 individual drug articles with the most complete coverage of adverse reactions and interactions found anywhere. Each article contains detailed and authoritative information about the adverse effects of each drug, with comprehensive references to the primary literature, making this a must-have reference work for any academic or medical library, pharmacologist, regulatory organization, hospital dispensary, or pharmaceutical company. The online version of the book provides an unparalleled depth of coverage and functionality by offering convenient desktop access and enhanced features such as increased searchability, extensive internal cross-linking, and fully downloadable and printable full-text, HTML or PDF articles. Enhanced encyclopedic format with drug monographs now organized alphabetically Completely expanded coverage of each drug, with more than 1,500 drug articles and information on adverse reactions and interactions Clearer, systematic organization of information for easier reading, including case histories to provide perspective on each listing Extensive bibliography with over 40,000 references A must-have reference work for any academic or medical library, pharmacologist, regulatory organization, hospital dispensary, or pharmaceutical company
