Missionary position is common among partners and is characterized by face-to-face interaction. The standard position of this type is the missionary position where the woman lies back with legs apart. The man lies on top and may use the position for anal or vaginal intercourse. At some point, the woman may dangle her leg on the edge of the platform or lift them towards the ceiling in what is commonly known as the butterfly position. You could practice the same while kneeling. In another variation, the woman may rest the legs on the shoulders of the man. In a coital alignment position, the man points the penis down to make it rub against the clitoris as they make an upward movement. Besides, the woman lies back and raises the legs to the head or put them next to the ears. The man then holds the partner's ankle or instep and lies at the full length of the woman. Most partners prefer this style for it nurtures them emotionally and physically. They can communicate and read body language as

IF YOU ARE LOOKING FOR A COMPLETE GUIDE ON TANTRIC SEX AND KAMASUTRA, THEN KEEP READING... The evolution of sex since the beginning of our life thousands of years ago, sex has always been a crucial part of our relationship and experiences with pleasure, in addition to being an important contributor to our romantic needs. It is also the most practical method by which we usually bring forward future generations of our kind. The way, techniques and concepts regulating sexual contact between the human race, however, have changed significantly over those thousands of years, and beyond our earlier comprehension. For instance, as recently as in the 1940s, it would have been offensive for a girl to publicly flirt a bikini or jean that reveals her butt's crease-line or even to wear a blouse that exposes much of her cleavage in public. Each man and woman today treat oral, anal and other forms of sex as a natural item and appropriate for their mutual pleasure. Additionally, sexual positions and role handling in bed is also a must, as nowadays it is said to be effective in helping to give both partners the gratification needed that can lead to an orgasm or some form of sexual climax that satisfies each other. All these several variables are arising directly from the rapid evolution of sexual practices over the years. In spite of our cultural habits, values and spiritual upbringings, we are now all caught up one way or the other in this human evolution. And those

who live with the false believe this development does not affect their relationship or sex life, would have discovered sooner or later that they are nothing more than a silent sexual frustration and boredom to their bedroom partner. This book covers: Tantric sex How tantric massage should be performed Practicing tantric 12 benefits of tantric sex practices The basics of tantric sex What is the kama sutra? Benefits of kama sutra Kama sutra preparation and steps Kama sutra sex positions for ultimate pleasure and gratification Tantric techniques for addressing common mishaps in sex More than just sex Some helpful exercises Sparking the energy - how to suggest something new to your partner ...And much more

Although sexual evolution would probably have been a natural phenomenon, technological advances in videography, animation, and internet communication have made it quite easy for people to know more about sexual satisfaction, and to communicate with other people who have the same sexual desires, thousands of miles away and without much effort. The now easy access to quality porn videos, pornography blogs, online sex dating, Twitter and other popular social networks has exposed mankind to a multitude of sexual practices and innovations throughout the world, breaking down cultural and other barriers that would have previously held back one's understanding of the level at which sex has developed since. Nevertheless, though new forms of sexual pleasure have

changed, there is still a large section of women and men intentionally trapped in traditional sexual activities that often harm their relationships and marriages.
