In Life Tuneups, Loren Slocum empowers and reminds all women—single, married, working, with or without kids—to recognize their unique gifts, celebrate their inner beauty, and take care of themselves as they juggle the myriad facets of their lives. She insists that when a woman is true to herself, she really can have it all—that she can wake up each day feeling motivated, energized, inspired, and passionate about her life. Each chapter begins by defining a word—woman, journey, passion, great, feminine, balance, space, rituals—and then examines what it means in women's lives today. Writing in the first and second person, Loren speaks to readers in the same warm and reassuring tone that has earned her such distinction as a personal development seminar leader, speaker, life fulfillment coach—and mom. Life Tuneups shows how true

leadership emerges when a woman steers away from the fast lane to martyrhood and begins to move toward rediscovering her inner core. It encourages women to think about the important things in life, and gives examples of others—both everyday women and famous women—who have pulled through difficult situations. And it guides women through the process of achieving balance and happiness in the little things—whether in morning rituals, journaling, or pampering themselves. Self-assessment prompts and questions throughout help women reconnect with their dreams and passions. Ultimately, Life Tuneups teaches women that they must take time for themselves, and it gives them the tools to go from ideology to action, to incorporate real—and lasting—change into their lives.

Self-help: To millions of Americans it seems like a godsend. To many others it seems like a joke. But as investigative reporter Steve Salerno reveals in this groundbreaking book, it's neither—in fact it's much worse than a joke. Going deep inside the Self-Help and Actualization Movement (fittingly, the words form the acronym SHAM), Salerno offers the first serious exposé of this multibillion-dollar industry and the real damage it is doing—not just to its paying customers, but to all of American society. Based on the author's extensive reporting—and the inside look at the industry he got while working at a leading “lifestyle” publisher—SHAM shows how thinly credentialed “experts” now dispense advice on everything from mental health to relationships to diet to personal finance to business strategy. Americans spend upward of \$8 billion every year on self-help programs and products. And those staggering financial costs are actually the least of our worries. SHAM demonstrates how the self-help movement's core philosophies have infected virtually every aspect of American life—the home, the workplace, the schools, and more. And Salerno exposes the downside of being uplifted, showing how the “empowering” message that dominates self-help today proves just as damaging as the blame-shifting rhetoric of self-help's “Recovery” movement. SHAM also reveals:

- How self-help gurus conduct extensive market research to reach the same customers over and over—without ever helping them
- The inside story on the most notorious gurus—from Dr. Phil to Dr. Laura, from Tony Robbins to John Gray
- How your company might be wasting money on motivational speakers, “executive coaches,” and other quick fixes that often hurt quality, productivity, and morale
- How the Recovery movement has eradicated notions of personal responsibility by labeling just about anything—from drug abuse to “sex addiction” to shoplifting—a dysfunction or disease
- How Americans blindly accept that twelve-step programs offer the only hope of treating addiction, when in fact these programs can do more harm than good
- How the self-help movement inspired the disastrous emphasis on self-esteem in our schools
- How

self-help rhetoric has pushed people away from proven medical treatments by persuading them that they can cure themselves through sheer application of will. As Salerno shows, to describe self-help as a waste of time and money vastly understates its collateral damage. And with SHAM, the self-help industry has finally been called to account for the damage it has done. Also available as an eBook

Tony Robbins is bekend van de Netflix-documentaire 'I'm not your guru'. In 'Je ongekende vermogens' vertelt hij op heldere wijze wat Neurolinguïstisch Programmeren (NLP) is en wat het voor je kan doen. Hij laat zien dat je leven excellent kan worden als je zelfbewust en positief leert denken, en ongekende vermogens in jezelf ontdekt. Het principe van NLP, een revolutionaire vorm van psychotherapie, is eenvoudig: als je je een voorstelling maakt van hoe je wilt zijn of wat je wilt bereiken, dan heeft dat beeld een positieve invloed op het resultaat. Hierdoor kun jij het leven leiden dat je voor ogen hebt. 'Je ongekende vermogens' is een everseller waarvan al 40.000 exemplaren in Nederland en Vlaanderen zijn verkocht.

Byron Katie is de grondlegger van The Work, een methode om negatieve gedachten op te sporen en te onderzoeken. In Vraag jezelf vrij laat zij zien dat emoties zoals verdriet, boosheid en ontevredenheid worden veroorzaakt door het feit dat we onze negatieve gedachten geloven. Door jezelf vier belangrijke vragen te stellen leer je dat onze gedachten niet altijd ons leven hoeven te bepalen. Op die manier verliezen negatieve gedachten hun macht. Wanneer we accepteren dat onze gedachten niet de waarheid verkondigen, is het makkelijker om er afstand van te nemen. Pas dan kunnen we met mildheid kijken naar anderen en naar onszelf. Bevrijd je van destructieve en onware gedachten, stel je hoofd en hart open en word gelukkig. 'Katie slaat de spijker op zijn kop!' O, The Oprah Magazine 'Dit boek kan je helpen om jezelf veilig te voelen, ongeacht welke gedachten er bij je opkomen. En dat kunnen we allemaal wel gebruiken.' Elizabeth Gilbert, auteur van Eten, bidden, beminnen 'Het werk van Byron Katie is een zegen voor onze planeet.' Eckhart Tolle, auteur van 'De kracht van het Nu'

The purpose of me wishing to share my experiences on this journey of grief was to firstly outline some of the emotions and feelings you can go through after losing someone you love to suicide. All of these feelings of guilt, regret, abandonment, unworthiness, and insurmountable sadness are all just stages in the grieving process. It is important to share your story and still talk about the one who passed to keep them alive in your heart. This will make you feel closer to them and comfort you in your grief. You will also draw in people who will be able to support you through this grieving process who have had similar experiences. I also wanted this to be an insight into one young experienced mans life that lived his life to the full and lived balancing on a wire. It was the drugs in the end that took his life. He took drugs to hide the pain of his past and like most people who indulge to cover up his true feelings. The demons of his past were eating him up like a disease. Adam had a full life; he was intelligent and a streetwise, well-travelled loving man. However, it was depression that sent him into a spiral which ultimately led to his death. After Adam died, people would say to me things like, Did you see this coming? Were there any signs? I knew that there was something wrong, and his downward spiral happened way too quickly for me to have any control over the outcome. I could feel it taking

over, and I did not know what to do. One minute, he was partying with friends, then the car accident, and then the downward spiral which led to his demise. Within a week, I watched him go through so many negative mixed emotions. He was anxious, incredibly distressed, crying, angry, and by the middle of the week, he transgressed into a very solemn, dark, and very quiet mood. I felt helpless to console him. Adam was the type of man who kept his troubles to himself. This obviously did not help. Depression is a very serious illness that can be so debilitating for the sufferer that they see no other way out but to end their lives. There are many contributing factors that can lead to depression, and unfortunately, over two million Australians suffer from this illness coupled with anxiety and sometimes alcohol and or drug abuse. Out of these sufferers, 10 per cent will take their own life every year. If people are abusing drugs and alcohol, there is a reason. The only reason these vices are abused is to mask pain and hide behind it. Statistically, men take their own life four times more than women. Men tend to suppress their true emotions when under stress and do not talk openly as much as women do about what is troubling them. It does not have to be this way, as fortunately now, there is more and more government support provided and groups that we can join to share our troubles and concerns. My message to anyone who reads this book is to be there for your friends and family. More importantly, be there for yourself so that we can all be strong and support each other in times of need. We all play an important role in someones life, and we should be there for each other. Be well, live, and love.
