The book is based on African research and reviews on school leadership preparation and development, taking stock of where the field is in this geographical region and what lies ahead. The exclusive focus on sub-Saharan African countries is driven by the desire to foreground African experiences, highlighting gaps and asking critical questions about contextually relevant models of leadership that can drive towards improved educational outcomes for African children. The countries explored include Botswana, Cameroon, Ghana, Kenya, Lesotho, Namibia, Nigeria, South Africa and Tanzania. Written by a collective of seasoned researchers with extensive experience in the field and on the continent, this volume is timely, as the field is in need of serious political attention. For these reasons, the book is an important resource for policy-makers, school leaders and other practitioners, students, educators of school leadership preparation programmes as well as researchers in the field on the continent and the diaspora.

De lange weg naar de vrijheid is de beroemde autobiografie van een van de grootste mannen van de twintigste eeuw. Nelson Mandela beschrijft de lange weg die hij heeft moeten afleggen van onwetende jongen tot charismatisch staatsman. Dit is het verhaal van misschien wel de wonderbaarlijkste omwenteling in de geschiedenis, verteld door de man die het allemaal heeft meegemaakt en in gang gezet. Het verhaal van Mandela, door Mandela.
