“Sing, Goddess, of the wrath of P?leús’ son Akhilleús, the accursed wrath that caused Akhaíans countless woes and hurled headlong To H??d?s a host of heroes’ souls And left their bodies spoil for dogs and all The birds of carrion. The will of Zeús Was brought to pass from when Agamémn?n, The Lord of men, opposed the consummate Akhilleús. Which God was it that set the two At odds?” So begins the Íliad, Homer’s epic song about the invasion of Troy by a force of Greeks led by Agamémn?n, King of Myk?n?. They are seeking revenge for the abduction from Spárt? of Helén?, the most beautiful woman on earth, by Páris, Prince of Troy. The walls of Troy seem to be impregnable and the fortunes of the Greeks are further set back when their greatest warrior, the fleet-of-foot Akhilleús, falls out with King Agamémn?n and withdraws from the battle. The Íliad recounts what happens in the next fifty days at the beginning of the tenth and final year of the war. By the end of this first volume, the fortunes of the Greeks are at a low ebb. The Trojans are storming the Argive wall and breach it to pour through and fight close to the ships, though Akhilleus still refuses to join the battle. This new translation adheres closely to the original text, rendering it in iambic pentameter, with attention to

the dramatic similes characteristic of Homer. A detailed Introduction is provided together with Notes for Books I-XII.

Detective Sergeant Cass Harty investigates in two collected mysteries. 'Murder Cum Laude' (1935) involves a desperate killer on a university campus. In 'The Cabana Murders' (1937), Harty is on a routine prisoner pickup in a quiet community when he is thrown into a gruesome society murder case.

Many bibliographers focus on women who write. Lawyer Barnett looks at women who detect, at women as sleuths and at the evolving roles of women in professions and in society. Excellent for all women's studies programs as well as for the mystery hound. Look at the popularity of such reading guides as Willetta Heising's *Detecting Women* (3rd ed. 0-9644593-7-X) or Amanda Cross' fiction (*Honest Doubt* 0-345-44011-0 11/00).

ZAAK GESLOTEN Iedereen in Little Kilton kent het verhaal: de knappe en populaire eindexamenscholiere Andie Bell werd door haar vriendje Sal Singh vermoord, waarna hij zelfmoord pleegde. Zelfs vijf jaar later ziet Pippa Fitz-Amobi nog de impact die de zaak op het dorp heeft gehad. Pip heeft zich altijd afgevraagd wat er nu precies is gebeurd. Wanneer ze de zaak kiest als onderwerp voor haar profielwerkstuk, komen er al snel geheimen boven die iemand liever verborgen had willen houden. Het lijkt wel alsof diegene haar tegenwerkt – zou de echte moordenaar nog leven? 'Een cadeautje voor lezers die gek zijn op nagelbijtend spannende mysteries.' – Kirkus Review

The murder of popular vaudeville actor Thomas Weldon Atherstone in 1910 remains one of Britain's great unsolved mysteries. Expert Ripperologist Richard Whittington-Egan investigates.

Jancy Dewhurst, 23, a pushy, disheveled newspaper reporter, nervously attends her first homicide and immediately locks horns with Jim Wills, 27, a natty cop who has no use for reporters meddling in an investigation. Observant, Jancy marvels that she contributes more to the investigation than the cop, but must be nice and try to cultivate him as a source. A second victim marked with the killer's same odd signature is found near the university campus, prompting a second brusque run-in between Jancy and Jim. An attorney, S.B.I. Agent Wills ably assimilates information into theories of a crime; but often overlooks vital data. Jancy notices details, but has no idea how they apply. Pooling their talents, Jim and Jancy complement each other, leading to grudging regard for each other. A third killing draws both Dewhurst and Wills. The governor names Wills in charge of the investigations. After a fourth victim succumbs, Jim cautions Jancy not to snoop into the killings on her own. When she stumbles onto an unlikely lead and appears to put herself in jeopardy, Wills is livid and the fragile bond between Jim and Jancy snaps. However, they reconcile and devise a plan to flush the suspect they each independently have concluded is the ribbon murderer. The Ribbon Murders is the first of a three-book series featuring Jim Wills and Jancy Dewhurst. They pair up to solve more murders in Volume 2, Murder Aboard the Choctaw Gambler, and Volume 3, Candlesticks.

Like other fictional characters, female sleuths may live in the past or the future. They may represent current times with some level of reality or shape their settings to suit an agenda. There are audiences for both realism and escapism in the mystery novel. It is interesting, however, to compare the fictional world of the mystery sleuth with the world in which readers live. Of course, mystery readers do not share one simplistic world. They live in urban, suburban, and rural areas, as do the female heroines in the books they read. They may choose a book because it has a familiar background or because it takes them to places they long to visit. Readers may be rich or poor; young or old; conservative or liberal. So are the heroines. What incredible choices there are today in mystery series! This three-volume encyclopedia of women characters in the mystery novel is like a gigantic menu. Like a menu, the descriptions of the items that are provided are subjective. Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3. These are more recently discovered sleuths who were introduced during the period from January 1, 1990 to December 31, 1999. This more than doubles the number of sleuths introduced in the 1980s (298 of whom were covered in Volume 2) and easily exceeded the 347 series (and some outstanding individuals) described in Volume 1, which covered a 130-year period from 1860-1979. It also includes updates on those individuals covered in the first edition; changes in status, short reviews of books published since the first edition through

12 True Crime Stories of Murder & Mayhem Third Book of the True Crime Case Histories Series (2019) As with the two prior volumes of True Crime Case Histories, I want to start with a quick word of warning. Most news articles and television true crime shows skim over the sticky details of truly gruesome crimes. In my books I don't gloss over the facts, regardless of how horrible they may be. I try to give my readers a clear and accurate description on just how demented the killers really were. I do my best not to leave anything out. The stories included in these books are not for the squeamish. Volume 3 features: longer stories, photos, two bonus chapters and an online appendix with additional photos, videos, and documents. A sampling of the stories include: The Canal Killer - A violent psychopath cuts off the head, hands, and feet of his girlfriends and dumps them in the canals of London and Rotterdam. The Head in the Bucket - A drug kingpin chops off the head of one of his dealers and carries it around in a Home Depot bucket. Captain Cash - Another drug dealer butchers an entire family so he can take over a man's fruit shipping business and transform it into a drug shipping business. The Coffee Killer - A young woman, jealous of her rich socialite friend, poisons her by lacing her coffee with cyanide in a public coffee shop. The Arizona Torso Killer - A petite trophy-wife shoots her husband, freezes his body, hacks him up with a jigsaw and dumps his torso in a dumpster behind a grocery store. The Oxford Murder - A young college student strangles his girlfriend and crams her body into an eight-inch crawlspace beneath the stairs. Plus six more disturbing true crime stories. The twelve

true crime stories included in this collection are dark and creepy and will leave you with a new understanding of just how fragile the human mind can be. If there's any common theme between these cases, it would be that many of them happened near places I've lived throughout my life. Three stories took place in the London area. One of which happened just a five-minute walk from my home. Two other stories took place in Scottsdale, Arizona where I've lived the majority of my life. Another took place in Maui, Hawaii while I was living there. And finally, another took place in Oxford, UK very close to where I've been working over the past year. The stories in this volume took place all over the world, and range from the 1940s to 2018. Scroll up to get your copy

Murder by the Book? is a thorough - and thoroughly enjoyable - look at the blossoming genre of the feminist crime novel in Britain and the United States. Sally Munt asks why the form has proved so attractive as a vehicle for oppositional politics; whether the pleasures of detective fiction can be truly transgressive; and when exactly it was that the dyke detective appeared as the new super-hero for today. Along the way Munt poses some critical questions about the relations between fiction and activism, politics and representations, the writer and the reader. This will be an enticing book both for addicts of the genre and for teachers and their students.
