

Outlaw Of Gor 2 John Norman

Former earthman Tarl Cabot has been struggling to free himself from the cruel control of the Priest-Kings of Gor to no avail. As he pits his strength against such a formidable enemy, a terrible beast appears from the mysterious northern lands, bearing a token of the demise of Tarl's once-beloved woman Talena. The missive is a sign of defiance and disrespect from his enemies, meant to humiliate him and force him to challenge them in response. To gird his weapons and set out on a mission of vengeance against those who sent the beasts means Tarl must jeopardize his fortune and position as a wealthy slave merchant. But he is no longer practical and calm as he was on earth. He must conform to the social codes of Gor, where the only way one can avenge wounded manhood is to respond with all one's might!

Now Tarl Cabot is leaving the decadent city of Port Kar to wander in the wilds of Gor, taking up the sword to defend his rulers and enemies, the Priest-kings. The party of treason in Ar is triumphant. After the disaster of the delta campaign Ar is substantially defenseless. The forces of Cos, and her allies, are welcomed into the city as liberators. Ar's Station, which held out so valiantly against superior forces in the north, is denounced as traitorous.

Veterans of the delta campaign are despised and ridiculed. Patriotism and manhood are denigrated. Ar's walls are being dismantled willingly by her own citizens to the music of flute girls. Lawlessness and propaganda are rampant. Marlenus, the great ubar, who might have organized and led a resistance, who might have rallied the city, is presumed dead, somewhere in the Voltai mountains. The Home Stone of Ar's Station is displayed in Ar as an object of contempt. Marcus, of Ar's Station, wishes to regain the Home Stone of his beloved city, for no city can die whose Home Stone survives. Cabot is concerned with a warrior's vengeance upon sedition and treachery, and, in particular, with meeting one who stands high amongst the conspirators, a beautiful woman now enthroned as ubara, whose name is Talena.

Tarl Cabot has always believed himself to be a citizen of Earth. He has no inkling that his destiny is far greater than the small planet he has inhabited for the first twenty-odd years of his life. One frosty winter night in the New England woods, he finds himself transported to the planet of Gor, also known as Counter-Earth, where everything is dramatically different from anything he has ever experienced. It emerges that Tarl is to be trained as a Tarnsman, one of the most honored positions in the rigid, caste-bound Gorean society. He is disciplined by the best teachers and warriors that Gor has to offer...but to what end? This is the first installment of John Norman's wildly popular and controversial Gor series, which has sold millions

MARINERS OF GOR is a direct sequel to SWORDSMEN OF GOR and the action picks up immediately from the end of the earlier book. Many on Gor do not believe the great ship, the ship of Tersites, the lame, scorned, half-blind, half-mad shipwright, originally of Port Kar exists. Surely it is a matter of no more than legend. In the previous book, however, SWORDSMEN OF GOR, we learn that the great ship, commissioned by unusual warriors for a mysterious mission, was secretly built in the northern forests, and brought down the Alexandra to Thassa, the sea, beginning her voyage to the "World's End," hazarding waters beyond the "farther islands," from which no previous ship had returned. In MARINERS OF GOR one learns the history and nature of the voyage through vast, dangerous, and uncharted waters, a voyage beset with dangers, both within and without the ship. One encounters storms and calms, fearful marine life and volcanic seas, hardships, treacheries, intrigues, desertions, and mutinies, and entrapments in ice and later amongst the thick, broad tendrils of the narcotic Vine Sea, and, eventually, once come to the "World's End," one learns what has been the intent and meaning of this mysterious enterprise, and the human ferocities into which the mariners find themselves introduced.

On this all-too-real "gaming board," a roll of the dice will determine the fortunes and fate of Gor-and perhaps that of Earth. In their contentions with Priest-Kings, Kurii, savage denizens of the Steel Worlds, concealed within the asteroid belt, have frequently had recourse to human allies, and subversion. In accord with such projects, Kurii have occasionally sought to place and support congenial administrations in key cities. One such city is Corcyrus. Corcyrus is ruled by a beautiful woman, the cruel, arrogant, much-hated Sheila, an agent of Kurii. It is thought advisable to find a double for Sheila, who, in case of military or political disaster, may serve as her proxy, or substitute. For this role an unwitting young Earth girl, Tiffany Collins, is chosen and brought to Gor. She is introduced into her role and led to believe that she, somehow, she unaware of the true Sheila, is the Tatrix, or female administrator, of Corcyrus. Defeat in war, and revolution, occur, and the blood of Sheila is sought by the victors. Tiffany, fleeing for her life, finds herself alone, frightened, and unbefriended, a vulnerable Earth female, no more than a lovely, defenseless barbarian, on the beautiful, perilous world of Gor. She is a girl without a Home Stone, and such may be taken in hand, and claimed, as might be any stray animal, to be collared and owned, to be put to the pleasure of masters. The expression 'Kajira' is the most common expression in Gorean for a female slave.

Cities, even private individuals, may from time to

time hire soldiers. either to supplement their indigenous forces, or to conduct particular ventures, perhaps of reprisal, perhaps even of acquisition. On Gor there are numerous mercenary companies, some larger, some smaller, whose services may be purchased, or bid upon, for given periods of time. The allegiance of these companies is to their pay, and their captains. The forces of Cos and Tyros, powerful maritime ubarates, and their allies, have now beached upon the mainland, and are utilizing the city of Torcodino as a repository for supplies, preparatory to marching on a nigh-undefended and unprepared Ar. Should Ar fall the disinterested tolerances and neutralities, and even the balance of power long sustained between Ar and the great maritime ubarates, things which made possible the existence of the independent companies, will vanish, a development threatening the very existence of the independent companies. In a surprise attack a mercenary captain, Dietrich of Tarnburg, seizes Torcodino, intending to forestall the imminent march against Ar until she has time to arm and defend herself. Cabot, en route to Ar, has inadvertently been trapped in Torcodino when it was seized by Dietrich. He agrees to carry secret and urgent letters for Dietrich, now besieged in Torcodino, to the administration of Ar. Ar must act. But when Cabot arrives in Ar it is a city riven by doubt and dissension, and treason. To whom shall the letters

be delivered, and whom can he trust?

Fresh from his exploits in the Steel Worlds, home of the Kurii, a savage alien race intent on conquering Gor, Tarl Cabot has been returned to an isolated beach, at coordinates apparently specified by the Priest-Kings, the masters of Gor and the enemy of the Kurii. His only companions are his beautiful new slave Cecily, and Ramar, a ferocious sleen bred in the Steel Worlds to hunt and kill. But why has he been returned to such a remote spot? Did the Priest-Kings wish their former agent to serve them once more? Did the Kurii intend to use Cabot to further their own ends? The truth, as Tarl will learn, is darker, and deeper, than either of these possibilities. In *SWORDSMEN OF GOR*, the latest book in John Norman's best-selling Gorean saga, follow Tarl as he embarks on a new adventure with the Pani, a strange people with mysterious origins, and learn the dark, sinister truth behind his return to Gor, the Counter-Earth.

In the continental war matters proceed apace, to the advantage of Cos. Cabot, and his friend, Marcus, of Ar's Station, who have been spying for Ar in the Cosian encampments, now seek the long-inert forces of Ar, to report acquired intelligence to their commander, Saphronicus, who proves to be of the treasonous party of Ar. Cabot and Marcus are placed under arrest, as spies. Primary forces of Ar, largely inactive in recent months, are now to pursue

Cosian forces withdrawing from Ar's Station, through the vast Vosk delta to the sea. The Cosian forces, however, have avoided the delta and the delta campaign is a ruse to decimate the armed might of Ar, to use as a weapon the marshes and swamps of the delta itself, their treacherous, trackless wildernesses and wastes, the quicksand, the insects, the serpents and reptiles, the local populations, to deliver a final decisive blow to what was once the unchallenged splendor and power of Gor's finest infantry. Cabot and Marcus, separated, are sentenced as work prisoners to accompany the forces of Ar as they enter the delta with the expectation of soon overtaking and crushing the withdrawing contingents of the ubarate of Cos. They are thus first-hand witnesses of the tragedies and hazards, the terrors and miseries, of the ill-fated delta campaign. Should they survive the delta both will turn their eyes toward Ar, the seat of treachery. As warriors each will have his business in that place.
