Plus

HIV Plus offers the latest stories on research, economics, and treatment. The magazine raises awareness of HIV-related cultural and policy developments in the United States and throughout the world.

"Roger Cooper was arrested at gunpoint for alleged espionage while on a business trip to Tehran in December 1985. So began an extraordinary mental and physical struggle with his Iranian captors that was to last five years, three months and 25 days. Long after his parody of a trial in Evin gaol, Cooper learnt of his sentence: 'Death plus ten years.' Asking 'Which comes first?' he was told he would be held for ten years and then hanged. He replied: "Please don't make it the other way round.'" "For 25 years Cooper had worked in Iran as a journalist, teacher, Persian translator, business consultant and Middle Eastern expert. Now he found himself beaten and blindfolded and threatened with indefinite gaol inless he 'confessed'."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Expand your dBASE skills as you learn programming techniques that let you design and implement more effective dBASE III PLUS business applications. Liskin addresses the real-world business environment so you can make the most of dBASE III PLUS modes of operation.

"...If you dream of making money in this field, the 50 success stories in this book offer invaluable inside information from established business owners who have learned the best way: from experience."--NATIONAL HOME BUSINESS REPORT.

The decade of the 1960s encompassed a "New Wave" of films whose makers were rebels, challenging cinematic traditions and the culture at large. The films of the New Wave in Japan have, until now, been largely overlooked. Eros plus Massacre (taking its title from a 1969 Yoshida Yoshishige film) is the first major study devoted to the examination and explanation of Japanese New Wave film. Desser organizes his volume around the defining motifs of the New Wave. Chapters examine in depth such themes as youth, identity, sexuality, and women, as they are revealed in the Japanese film of the sixties. Desser's research in Japanese film archives, his interviews with major figures of the movement, and his keen insight into Japanese culture combine to offer a solid and balanced analysis of films by Oshima, Shinoda, Imamura, Yoshida, Suzuki, and others.

The Programmer's Hierarchical Interactive Graphics System (PHIGS), has become the standard language for graphics programming succeeding the previous market leader

and ISO standard -GKS. This book is a practical tutorial on how to write graphics applications using PHIGS and PHIGS+. It covers the basic theory of PHIGS and 3D graphics including colour theory, transformations, splines and rendering, and also contains examples of how to implement practical graphics functionality such as using structure networks, creating viewing transformations and using input devices in a real application environment. The numerous example programs cover both the ISO C and FORTRAN language bindings. The text contains eight pages of colour plates, and has six appendices of reference.

This complete, step-by-step guide to JavaScript provides an easy-to-use tutorial. After introducing the reader to JavaScript, the book explains in-depth design and usage of JavaScript's built in functions and objects, gradually building toward more complex and sophisticated concepts. The CD contains all source code from the book, examples and more.

Top Grammar Plus is a series of comprehensive and easy-to-use grammar books for learners of English at all levels, from Beginner to Advanced. Top Grammar Plus is ideal for use in class or for individual study. Top Grammar Plus has regular exam practice pages offering students plenty of help preparing for Cambridge English: Key (KET), Preliminary (PET), First (FCE) and Trinity exams. Top Grammar Plus has a special lexical focus for each section and regular review pages. Top Grammar Plus has frequent review sections. PLUS extra online grammar and dictation exercises. PLUS a Teacher's Book with tests. Easy to use; Lots of exercises; Regular review pages; Thorough exam practice and Online exercises.

Despite the wide use of SQL *Plus, few developers and database administrators know how powerful it really is. And the syntax can sometimes be tricky. This portable guide provides a quick reference to subjects such as interacting with SQL *Plus, selecting data, formatting reports, writing scripting, and tuning SQL. There's also a command reference.

A fun loving family story with nuggets of wisdom and practical problem solving techniques.

Nathan F. Leopold was part of the team of Loeb (aged 18) and Leopold (aged 19)who kidnapped and killed young Bobby Franks in an attempt to commit the perfect crime. Leopold was defended by Clarence Darrow. He was later incarcerated at Statesville Prison.

A guide for school administrators on implementing quality management principles in the public schools.

The complete step-by-step guide to mastering the basics of Aspen Plus software Used for a wide variety of important scientific tasks, Aspen Plus software is a modeling tool used for conceptual design, optimization, and performance monitoring of chemical processes. After more than twenty years, it remains one of the most popular and powerful chemical engineering programs used both industrially and academically. Teach Yourself the Basics of Aspen Plus, Second Edition continues to deliver important fundamentals on using Aspen Plus

software. The new edition focuses on the newest version of Aspen Plus and covers the newest functionalities. Lecture-style chapters set the tone for maximizing the learning experience by presenting material in a manner that emulates an actual workshop classroom environment. Important points are emphasized through encouragement of hands-on learning techniques that direct learners toward achievement in creating effective designs fluidly and with confidence. Teach Yourself the Basics of Aspen Plus, Second Edition includes: Examples embedded within the text to focus the reader on specific aspects of the material being covered Workshops at the end of each chapter that provide opportunities to test the reader's knowledge in that chapter's subject matter Functionalities covered in the newest version of Aspen including the solution of a flowsheet by an equation oriented, EO approach, and the solution of problems which involve electrolyte equilibria Aspen Plus executable format as well as .txt format files containing details of the examples and the workshops as well as their solutions are provided as a download Designed with both students and professionals in mind, Teach Yourself the Basics of Aspen Plus, Second Edition is like having a personal professor 24/7. Its revolutionary format is an exciting way to learn how to operate this highly sophisticated software—and a surefire way for readers to get the results they expect.

An accessible guide to using Freelance Plus with 1-2-3 and similar programs. Brief, focused tutorials are included on creating charts, graphs, tables, drawings and more.
