PROJECT MANAGERS: Are you ready to increase your marketability, network with other project managers, and improve your abilities to lead a project? Become a certified PMP with my efficient, easy-to-follow study guide book, PMBOK® Guide and PMP® Exam Prep Book 2018-2019: Study Guide on the Project Management Body of Knowledge with Practice Test Questions for the Project Management Professional Exam by Robert P. Nathan! As any project manager will tell you, time is the most valuable commodity in a project. Updated in line with the PMBOK Sixth Edition, my PMBOK Guide and PMP Exam Prep Book 2018-2019 is designed to make the most of the time you spend preparing for the exam. Rather than being hundreds of pages too long, the following chapters have gone through multiple stages of revision to include only those things that you need to know. The chapters have been designed to be readable, as well as to be easy to scan if you are flipping through. The structure of my book is based on project management's five major process groups: Chapter One: Initiation Chapter Two: Planning Chapter Three: Executing Chapter Four: Monitoring and Controlling Chapter Five: Closing Every chapter covers vital information on project management's ten knowledge areas: communication management, cost management, human resources management, integration management, procurement management, quality management, risk management, scope management, stakeholder management, and time management. Inputs, tools, techniques, and outputs (ITTOs) are organically written into the main text to show how they all fit together. The exam will test your understanding of best practices not memorization of lists. Included with every copy of my study guide is: Ten practice exam questions at the end of each chapter with answers and explanations A full two-hundred question practice exam with answers and explanations A full glossary of all tested terms Access to a FREE app with online flashcards of all tested terms Please note that PMBOK® is a registered trademark of PMI. PMI does not sponsor or endorse this book.

PMP Exam: Practice Test and Study Guide, Ninth Edition uses self-study to help readers increase their chances of passing the PMP certification exam the first time. This spiral-bound edition includes 40 multiple-choice practice questions in each of the ten knowledge areas and in the professional and social responsibilities domain. It prese This book is based on the PMBOK Guide - Sixth Edition, and PMP exam content outline released January 2021. Practice 1080 PMP exam questions which includes 635 traditional project management questions, 355 agile questions, and 70 scrum questions. The PMBOK guide 6th edition is the definitive reference text for the PMP(R) certification exam. To accommodate the updated exam content, this book has been revised extensively so that exam and PMBOK guide (including agile practice guide) revisions are taken into account. This book is meant for anyone preparing for the PMP(R) certification exam. Whether you are in the final stages of preparation, interested in familiarizing yourself with the question formats or simply looking for additional practice in answering exam questions, this book has you covered. Are you preparing for the PMP Certification Exam? This is for you! The PMP certification, awarded by the PMI, is the gold-standard in project management certifications for project managers globally. If you are a project manager who wants to ace the PMP certification exam on your first attempt, you need to prepare with the right resources! '300 Practice Questions for the PMP Exam', from the author of 'Be a PMP Ace in 30 Days', is unlike the average question bank you may come across for the PMP exam. This question bank contains a set of carefully researched and framed questions meant to optimise your study experience and the content here will stimulate your thinking in the way as it would be required on the actual PMP Exam. Key features of this PMP question bank: 300 questions sorted on individual knowledge areas of the PMBOK - an excellent accompaniment for after-chapter revisions during your PMP Exam preparation. Detailed solutions provided at the end of each chapter so that you understand precisely why a particular answer choice is the right one. Also includes questions on the Project Management Framework and questions on Professional Ethics. Questions are similar in structure, style and difficulty-level with the actual questions that appear in the PMP Exam - therefore, you get wider exposure in fewer questions. '300 Practice Questions for the PMP Exam' is an excellent accompaniment to your PMP preparation arsenal that you should not miss! Details of changes made in the revised edition of '300 Practice Questions for the PMP Exam': Questions and solutions related to processes and ITTOs from the previous PMBOK 5th Edition that are no longer applicable in the PMBOK 6th Edition have been permanently removed. Approximately 10% of all questions and solutions are either newly introduced or altered from their original form in the previous edition of this book, to comply with the changes introduced in the PMBOK 6th Edition. Questions/Content from the previous edition of this book that are still relevant for the PMBOK 6th Edition have been retained in this edition too.

Why you need this PMP guide: • Coverage of the 100% of the exam content • Lots of figures and tables for faster preparation • ITTO-made-easy with diagrams and built-in text • Simple explanations for difficult concepts • Synopsis and formulas section ... for reference before the PMP exam • Easy-to-follow layout • 400+ sample questions with detailed explanations • Full-length practice exam • Tips for practical project management • How-to for Microsoft Project (MPP) application This book is a must-have for those preparing for PMP certification. It is different than existing books because we believe that PMP preparation can be quick and efficient. We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary content. • Reduce your preparation time: There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time. This book has text that is concise and relevant for the exam. • Figures and tables: There are 200+ figures and tables in the book. When text is needed to explain the figure, the text is embedded into the figure, rather than forcing you to read long paragraphs and pages of commentary to find relevant material. • Personalized, conversational style: When possible, we use conversational style to make for easier reading. • Active learning: We believe that learning is best when the reader is involved (instead of doing a show and tell). Wherever applicable (e.g. for schedule, cost, quality, risk, procurement), there are workbook-style exercises. • Examples: You will find lots of examples followed by its underlying concept or generalized step-by-step procedure. This sequence makes it easier to understand concepts. REVIEW FROM CONTACT 1: I have studied various PMP guides and tutorials in the market. But this book is different, stands out and would be the best companion guide to the PMBOK. Difficult concepts are presented in a style that is easy to follow. The content is concise and supported by illustrative figures and tables. This will save you from wasting your time on irrelevant or copious content. In my opinion, this is the ONLY book you will need to pass the PMP exam. Other printed books and online sites have questions that are easier than the PMP exam and some wrong and answers and explanations. The 400+ questions are at the same level of rigor as you will find in the PMP exam. I wish I had this guide when I prepared for the PMP exam. - Andrew Anderson, PMP, Los Angeles, CA

* Questions distribution and difficulty comparable to real PMP exam * As an experienced highly rated PMP Exam preparation course instructor and Subject Matter Expert (SME) to the Project Management Body of Knowledge (PMBOK) 5th & 6th Editions, Daud Nasir PMP continues to update the mock PMP tests as well as develop new questions to make these tests as realistic as possible. This third edition of the Kindle book now contains these highly successful simulated online tests. The overwhelming number of PMP candidates, who have used the mock tests, confirm that these tests compare well to the actual exam. These practice tests have boosted the candidates' PMP exam score, and they were able to pass the exam on their first try. Content Details This book has three full-length PMP sample tests (a total of 600 questions) with answers and detailed explanations of why the correct choice is the best answer, and the three incorrect choices are wrong. Each 200-questions test not only helps you build the stamina for the actual exam but also provides you a much realistic assessment of your preparation. Each explanation provides a complete reference to the PMBOK guide section and page number for further review. About 60% of the questions are scenario based to help you grasp the real-life application. Remaining questions will challenge you to test your understanding of the PMBOK concepts. Almost half of the questions are process flow questions to test how project processes are sequenced and performed. About The Author Daud is a Project Management Professional (PMP), Lean Six Sigma Black Belt (LSSBB), Agile Project Management (Cert. APM), and ITIL Foundation certified. He has extensive experience in project management, process improvement, and related domains.
