music round questions on Spotify and a 'Family Fortunes' type Survey Said sheet for use during the break of your quiz. I've even provided the blank answer sheet for your quizzers to write on! I hope my knowledge and expertise can revitalise your quizzes, whether they are for a one off event, or regular use. If you are presenting a quiz I understand how meticulously researched, well phrased questions and answers can help the cause. The answers to the questions are purposely included directly below the corresponding question, as this makes things much easier when reading out the answers to your quiz. A typical example of the quiz structure contained in this book is below.-----Picture Round: 10-12 questions in each, on most occasions the answers to these should be written on the blank 50 question answer sheet. Teams can compete this to get them settled as they arrive.-----Questions 10 - 20: Easier questions designed to give your teams some confidence and even raise some laughs. Questions 21 - 30: Medium difficulty questions, some of these may include a multiple choice element.-----Questions 31 - 40: Music Round: I have added a direct link to my Spotify playlist with 10 songs for each music round and within your answer sheet, the name of the artist and song (I offer half a point for the artist and half a point for the name of the song.)-----Questions 41 - 45: Harder questions which teams will find much more challenging.-----Questions 46 - 50: 'The Wipeout Round' or 'Double or Quits'. It is suggested that in this section, you inform teams that each question is worth 2 points, however if one question is answered incorrectly the team 'wipes-out' and scores no points for the round, questions can however be missed out with no penalty (just receiving no points for that particular question.)-----'Our Survey Said': A little like 'Family Fortunes' it's always a good idea to give these out if you have a break to keep customers busy. Alternatively you can use them as part of your quiz if you wish. We asked 100 people in the UK to name something in 5 different categories. For each of these categories, can you give the 5 most popular answers they came up with?
