Ten years ago, when Sandy Malone was planning her Caribbean destination wedding, there was no Pinterest, no Instagram, and no Wedding Wire. The Knot and the Wedding Channel were in their infancy. And Malone was planning her wedding from scratch. The tips and advice in *How to Plan Your Own Destination Wedding* will help brides and grooms navigate the murky waters of destination-wedding planning—and they are murky because most do-it-yourself brides and grooms are looking to do something “different” from what all of their friends have done before them. Unfortunately, the more remote, bizarre, and challenging the destination is, the more attractive it appears to the do-it-yourself couple. That’s where Sandy Malone, star of *Wedding Island* (TLC), who has been planning weddings for ten years, comes in. She offers advice to brides and grooms on how NOT to spend money on things they don’t need to invest in, and where they DO need to spend money to make sure the event runs smoothly. She also gives tips on how to negotiate the contract with the venue, the “wetiquette” of invitations for destination weddings, finding and handling vendors abroad, and much more. This book offers the complete guide to destination weddings, by a true expert!

This book breaks new ground, not only in its coverage of California, but also in its treatment of the role of cultural links in enhancing national loyalty, in its attention to many groups of people of color, including Chinese and Latinos, and what happened to them during the Civil War. In addition, the book devotes attention to the ebb and flow of the two political parties and to the little-known fact that nearly 17,000 California men and women volunteered for military service on behalf of the Union. Glenna Matthews broadens understanding of the Civil War era both in terms of geography and in terms of social groupings. The learning of English – there are a lot of good books on this subject already. So why do I want to write another one? It all started when I was invited to write a weekly blog for Special Broadcasting Service (SBS) – a statutory national broadcaster in Australia, and later provide a talk segment. When I delved into the subject I began to realise the complexity of the task. I could start from the most basic, such as verb, subject, noun... like all the good books do. However, one obstacle facing the learner is that all the basic elements are interrelated, so knowledge in the others is often a prerequisite to probing into any. A child born into his/her native language would experience all the basic elements holistically, and not sequentially. This opportunity is not available to learners of a new language. It soon dawned on me that to overcome the above, we need to firstly explain how the English speaking world has put its sentence together, before presenting the various elements that fit into it. This book begins with a conceptual understanding of the English sentence, before commencing with basic grammar, then proceeds to language skills and common faults. As well, a lot of cross-referencing are employed so that the readers know where to access the related elements. A chapter on letter writing is also included My excitement in writing this book goes further than just explaining grammar usage. I want to share the beauty and efficacy of the English sentence, such as one by Nelson Mandela, former president of South Africa (2-02H in book): We dedicate this day to all the heroes and heroines in this country and the rest of the world who sacrificed in many ways and surrendered their lives so that we could be free. And to those who already have a good command of the language, I trust this book can serve as a handy reference. Francis
