Zonder de jarenlange investeringen van de Amerikaanse overheid waren Apple en Microsoft nooit zo groot geworden. De alom gewaardeerde econoom Mariana Mazzucato laat in De ondernemende staat zien hoe belangrijk een investerende en innoverende overheid is; onontbeerlijk voor slimme en duurzame groei. Mazzucato ontkracht de mythe van een ingeslapen, bureaucratische overheid versus een dynamische, innovatieve private sector. Aan de hand van veel casestudy's laat zij zien dat het tegenovergestelde waar is. Pas als de overheid heeft geïnvesteerd, volgt de private sector. Voorbeelden te over: internet, geneesmiddelen, biotechnologie, algoritme. Met een ondernemende overheid de crisis uit, dat is wat Mazzucato ons met dit boek ook wil voorhouden.
