How serious are the threats to our environment? Here is one measure of the problem: if we continue to do exactly what we are doing, with no growth in the human population or the world economy, the world in the latter part of this century will be unfit to live in. Of course human activities are not holding at current levels—they are accelerating, dramatically—and so, too, is the pace of climate disruption, biotic impoverishment, and toxification. In this book Gus Speth, author of Red Sky at Morning and a widely respected environmentalist, begins with the observation that the environmental community has grown in strength and sophistication, but the environment has continued to decline, to the point that we are now at the edge of catastrophe. Speth contends that this situation is a severe indictment of the economic and political system we call modern capitalism. Our vital task is now to change the operating instructions for today's destructive world economy before it is too late. The book is about how to do that.

Soldiers to the Last Day: Rhineland- Westphalian 6th Infantry Division, 1935-1945 recounts the history of the German 6th Infantry Division from its formation in 1935 to its destruction at Babruysk in July 1944; then its resurrection and continued fighting until the end of the war. Among the first divisions established by the Wehrmacht, the 6th Infantry Division had one of the longest and bloodiest records of continuous combat of any division-Allied or Axis. Engaging in combat within weeks of the outbreak of WWII, the division fought to the last hour of the war. Based primarily on German sources, in particular the rare divisional and regimental histories and war diaries, and on personal accounts and letters of its soldiers, Soldiers to the Last Day presents the German view of the war from inside divisional headquarters and down to the individual Landser as the division marches across France in 1940, advances to the Volga during Operation Barbarossa, fights the brutal battles of Rzhev, Kursk, Babruysk; and makes last desperate attempts to defend the homeland in 1945. It is a tale of courage, determination, suffering, and in the end-betrayal.
