With entries that range from specific works to authors, folklore, and popular culture (including music, film, television, urban legend, and gaming), this book provides a single-volume resource on all things ghostly in the United States and in other countries. • Provides accessible, interesting, and fun-to-read information authored by expert researchers and coedited by scholars who are experts on the topic of ghosts across human culture • Presents analytical discussions of the figure of the ghost in each work that will be beneficial to students in film studies, English, or other classes tasked with writing an essay on the horror genre or ghost films and books • Explores how the idea of the ghost implies belief in there being more to human existence than the physical body and is intrinsically connected to the concept of the afterlife—and how these concepts often coexisted uneasily with beliefs regarding afterlife in religious theologies

A single mom and her teenage daughter move next to a spooky old house, and the small-town sheriff comes to their aid. **THE GHOST NEXT DOOR** When destiny takes a hand... You've got to hold on tight. When single mom Elizabeth Jennings gets sent to a

new town to revamp its weekly paper, she resists. Her daughter Claire is just fifteen, and has recently started high school. But Elizabeth's boss insists, so the two pack up and move to the tiny Virginia town, which isn't even on most maps. Their luck goes from bad to worse when they discover the house Elizabeth rented online cozies up to an abandoned house. When creepy things start occurring next door, Elizabeth's glad to have the small-town sheriff in their corner. Nathan Thorpe is not just a stand-up guy they can trust, he's cool to have around when things go bump in the night. Elizabeth also learns he's good at holding her tight. And, when she's wrapped in his arms, she becomes afraid of more than ghostly happenings. She fears she's losing her heart. Like most folks in Blayton, Nathan Thorpe is here for a reason. Only, he didn't fully understand what that reason was until a stunning brunette and her daughter came to town. Nathan's immediately drawn to Elizabeth and feels motivated to protect her and Claire, believing that means shielding them from nonsensical small-town lore. With Halloween approaching, there are rumors swirling about concerning the old Fenton place located across the street from the graveyard, and next to the newer home occupied by the Jennings. Nathan's a calm thinker who can find a rational explanation for almost anything. Yet there are deeper mysteries in Blayton than Nathan can explain. When he learns the truth,

will he still be able to hold onto the woman he loves? Exposing the medium hired to contact the ghost of a dead girl as a fake doesn't solve mysterious events but makes them more puzzling.

? Ghost stories have played a prominent role in childhood. Circulated around playgrounds and whispered in slumber parties, their history in American literature is little known and seldom discussed by scholars. This book explores the fascinating origins and development of these tales, focusing on the social and historical factors that shaped them and gave birth to the genre. Ghost stories have existed for centuries but have been published specifically for children for only about 200 years. Early on, supernatural ghost stories were rare—authors and publishers, fearing they might adversely affect young minds, presented stories in which the ghost was always revealed as a fraud. These tales dominated children's publishing in the 19th century but the 20th century saw a change in perspective and the supernatural ghost story flourished.

A brand new Goosebumps arc narrated by the most iconic and evil character of the series, Slappy!

"A collection of chilling stories eerily believable and truly spooky very strongly recommended "-Midwest Book Review
Most people think of ghosts as rare, elusive creatures that are more or less inaccessible to the average Joe. Sure, we read about them, watch TV shows about them and tell stories about them, but we'll probably never run into one-right? Don't

be so sure. Even if you've never personally encountered a ghost, chances are you know someone who has. The Ghost Next Door takes a revealing look into the lives of average, everyday people from across the country who have had experiences in the realm of the unexplained. Whether you're a true believer in ghosts or a hard-nosed skeptic, you're sure to get a chill or two when you read about the woman who was visited by her grandfather on the night of his funeral! Or the man who was forced to move by a troublesome spirit only to find it had followed him! As you make your way through these and other genuinely spooky stories, you'll probably find that ghostly encounters are a lot more common than you had imagined. Could there be a "haunted house" in your town? Perhaps on your very street? Maybe even right next door? A woman haunted by the wind. A land where ghosts speak for the voiceless. A washer of the dead who begins to hear them speak... These are the stories of the unquiet. Women whisper through this collection. They voice their loves, lives, fears and yearnings. To label this collection as 'ghost stories' or 'feminist stories' is to miss the nuances and range of female experience. As ghost stories they make you look uneasily over your shoulder, as female narrative they stun you with the power of their keen insight. Whimsical, terrifying and compelling, these powerful and haunting tales about our commonplace fears and tragedies provide a scathing commentary on the lives of women in India and are universal in their appeal. I live next to a haunted house. And now that a new owner has moved in, the spirits are waking up. In Liverpool everyone has a ghost story to tell. It seems to go with the place - tall tales, mystery and footsteps in the dark. To two friends and an assorted motley crew of assorted characters it seems like the perfect opportunity to get them off the dole and set up in the ghost tour business. But what if the ghosts were real? "The Ghost Next Door" is one of several short stories in the collection of short stories, "Liverpool" which is available to purchase separately. "Me dad use to say that in Liverpool there was always a ghost next door. As a kid I spent many a dark night huddled under the covers in case the ghost from next door decided it liked our house better, because we didn't seem to have our own ghost so there must definitely be one at number eleven. But as I grew up I began to realise that what he had really meant was that Liverpool as a city was full of stories about ghosts. Scousers love stories, of course, and if they include a ghost or something unexplained happening, all the better. I suppose it's that mix of Irish and Welsh as well as God knows what else. It just seems to invite tall tales. Dad even had a tale of his own. When he was a kid him and his mates used to play down by Garston docks and there was an abandoned warehouse there that was

pretty much just bits of roof left with no walls at all. Just a few metal beams holding what was left of the roof up. Bloody health and safety would have a fit at the thought of kids being able to knock about there these days, but when me dad was a kid that was where they used to play. There was even a little watchman's hut there that was more or less still intact even though it hadn't been used for years and one day they were all playing there when the watchman turned up, and waving at them he went into the hut. Now they all thought that this was a bit odd because, as I say, there was nothing for him to actually watch over any more and after a while they plucked up courage to go and knock on the door to the small shed and ask him what he thought he was doing. I imagine you probably know where this is heading, because of course when they finally got fed up of knocking on the hut door and opened it the small shed was completely empty. In fact, it looked as if it had been empty for years. There was no other way out of there and they hadn't taken their eyes off it since the old bloke had arrived. Needless to say, they got out of there pretty quick! So you see, everyone in Liverpool has a ghost story to tell. Everyone seems to have a favourite one, and sometimes they grow in the telling. It would be fair to say that most of them are complete nonsense, but then you never know. You just never know. That's the hook..."

Summer has just begun, and Hazel "Hazy" Bloom is not a happy camper. In fact, she's not even an unhappy camper, because she's stuck at home while all of her friends spend their summers camping (okay, Elizabeth's is only day camp, but still). But then her tomorrow power—her ability to see a visual cue about something that will happen the next day—leads her to the empty house next door, where strange things keep happening. Empty house. Flickering lights. Sudden gust of wind. Could there be a ghost there? Hazy realizes it's once again up to her to solve the mystery and prevent doom!

Ever played with monster blood? Slipped into a werewolf skin suit recently? Or discovered a ghost living next door? How about ventriloquist dummies? Have any warm and cozy feelings about those creepy little things? Didn't think so. In 1995, R.L. Stine's best-selling children's horror stories were brought to the small screen with the live-action *Goosebumps* television series. The Canadian and American co-production ran for four seasons and in that time spawned quite a few nightmares. Grab this book and join me as we pop some popcorn, refill our drinks, and flick that old TV back on to reminisce and examine in depth all 74 episodes of the series. Featuring critical analysis and exclusive interviews with the brains behind the series, this is the book you've been waiting for if you have a fear of Slappy, gnomes, killer plants, giant ants, or vampire sponges! Does the show hold up after all these years? What creepy, twisted memories will be dredged up in your subconscious as we pull back the haunted mask on the series? There's only one way to find out, but I must warn you that nary a plot hole or awkward moment will be forgiven! One thing's for certain, you're in for a scare...
