My name is Vianne V&ntori. I'm a vampire hunter... and apparently a lawwoman for the supernatural community. Just when I think I understand the world of vampires, witches, and werewolves, things get weird. Like, gnomes, fairies, and pixies weird. Now, I'm the liaison between humans and the supernatural community just as my V&ntori ancestors once were. Of course, my ancestors didn't need vampire blood to gain access to their powers and weren't distracted by the urge to find the only vampire in town, jump his bones, and drink his blood. Romantic, right? While trying to help some of the nonhuman citizens in town, I get a visit from something scary enough to terrify Ramble, my hellhound sidekick, and frighten Artemis. To make matters worse, it turns out Artemis isn't exactly the most trustworthy of allies. I'm not sure if I should cut and run or stay to help the supernatural community as promised. One thing's for sure, there are a lot more creatures in this town than even the supernatural community knows about... and one of them seems to be stalking me. Go Magic Yourself is the third book in the Artemis Necklace Series and follows the journey of Vianne and Ramble as they take on new roles in the tiny town of Ricketts, Maine and learn the hard way that trust should not be so easily given.

This is the first new full-scale anthology of Restoration and eighteenth-century drama in over sixty years.

Concentrating on plays from the heyday of 1660-1737, it focuses especially on Restoration drama proper (1660-1688) and Revolution drama (1689-1714), with a smaller selection of plays from the early Georgian period (1715-1737) and a glimpse at the later Georgian period's "laughing comedy" (1770s and 80s). It includes nine sub-genres (heroic romance, political tragedy, personal tragedy, tragicomic romance, social comedy, subversive comedy, corrective satire, menippean satire, and laughing comedy), with the preponderance of exposure given to the jewel of this theatre, its comedy.

The core canonical plays from the era—from Dryden's *All for Love* and Behn's *The Rover* to Congreve's *The Way of the World* and Sheridan's *School for Scandal*—are all here, but so are a remarkably wide range of non-canonical works. There are many more plays by women than in any previous general anthology of drama of the period. Also included are a number of works from the neglected 1660s, whose comedies feature delightful, subversive, levelling folk elements. In all there are forty-one plays; each is fully annotated and prefaced with an

the heart of NASCAR country in this action-packed thriller. Talk about a ride! Woe unto he who crosses Bob Lee Swagger, especially when his daughter's life is at stake. Forced off the road and into a crash that leaves her in a coma, clinging to life, reporter Nikki Swagger had begun to peel back the onion of a Southern-fried-conspiracy bubbling with all the angst, resentment, and dysfunction that Dixie gangsters can muster. An ancient, violent crime clan, a possibly corrupt law enforcement structure, gunmen of all stripes and shapes, and deranged evangelicals rear their ugly heads and will live to rue the day they targeted the wrong man's daughter. It's what you call your big-time bad career move. All of it is set against the backdrop of excitement and insanity that only a weeklong NASCAR event can bring to the backwoods of a town as seemingly sleepy as Bristol, Tennessee. A master at the top of his game, Hunter provides a host of thrilling new reasons to read as fast as we can. When Swagger picks up peeling where his daughter left off, and his swift sword of justice is let loose, we find a true American hero in his most stunning action to date. And—in the form of Brother Richard, a self-decreed “Sinnerman” out of the old fire-and-brimstone tradition—Hunter offers up his most diabolical, engaging villain yet. A triumph of story, character, and style, *Night of Thunder* is Stephen Hunter at his very best.
