"This book will change your life if you let it." -Tom Bilyeu, Co-Founder/CEO of Impact Theory & Co-Founder of Quest Nutrition We are losing ourselves. We're chasing the wrong things, asking the wrong questions, and polluting our minds. It's time to stop, it's time to resist and it's time to rethink the fundamental social blueprint that our lives are built upon. As an 18-year-old, black, broke, lonely, insecure, university drop-out, from a bankrupt family, I wrote in my diary that I wanted to be a 'Happy Sexy Millionaire' by the age of 25. By 25 I was a multi-millionaire having created a business worth over \$300m dollars. Ironically, in achieving everything I set out to, I learnt that I was wrong about almost everything... The world had lied to me. It lied to me about how you attain fulfillment, love and success, why those things matter, and what those words actually mean. In this book, I'll dismantle the most popular, unaddressed lies about happiness that we've been led to believe. I'll expose the source of these lies, examine the incentives that fuel them and replace them with a practical set of scientifically proven and unconventional ideas that will help you to live a truly fulfilled life, a life full of the love you seek and the success you deserve.

Have you ever dreamed about owning your own business? Maybe becoming a market disruptor? Would you know where to start? Do you have a coach, a mentor, or a teacher who can show you how? Well, now you do. If we are lucky, we have been taught to dream since the time we were very young. If we are luckier still, we have also been taught to establish a sturdy foundation for those dreams to stand upon. When building the business you've always dreamed of, you must first establish a rock-solid foundation, something I've learned from many years of experience as a Rugged Entrepreneur. What is a "Rugged Entrepreneur"? It's what I call a special breed of entrepreneur. Ruggeders make the leap toward success in a way that separates them from the millions who fall short because they invest the time and effort to develop and hone the specific set of powerful skills you'll discover in these pages. I've identified four elements to becoming a Rugged Entrepreneur. These elements can be developed by anyone and are helpful to every type of entrepreneur. But all four of them are necessary to do the job well. The

Four Foundational Elements of being a Rugged Entrepreneur are: A fervent work ethic A humble and healthy pride (what I call "Rugged Pride") Fortitudo mentis (aka, mental toughness) Faith The Rugged Entrepreneur provides a roadmap to your journey of lasting self-discovery. It's about identifying and acquiring the skills to achieve sustained success and to build on top of that success. It's about passionately pursuing a productive business life for yourself and your family using the economic engines accessible to us all. But be warned: do not read this book if you do not want to be challenged.
